

ICRPS – 2018: Session - Intersecting identities and implications for addressing social inequalities 27th June 2018 - Philomena de Lima

Aims of the Session:

- To introduce some sociological concepts essential to understanding the diverse experiences of rural experiences.
- To provide an initial understanding of how structural and individual factors shape and influence rural experiences.
- To discuss and highlight some of the research and rural social policy implications using the example of poverty.
